

Novo Nordisk International Talent Program – Application Form

The application for Novo Nordisk International Talent Program includes the application form and copies of your transcript of records, including both your Bachelor and Master grades if applicable. Applicants must have a minimum GPA of 3.0.

When evaluating applications, the Committee applies the following criteria:

- An ambitious plan for the study abroad.
- A strong academic background.
- Priority is given to study plans with focus on activities pertaining to metabolism, insulin, haemoglobin, obesity, big data or digitalisation.

Name of applicant:

Home university Choose from below	Host university Choose from below		
Study plan at host university <i>Outline of courses you wish to take during your studies abroad</i>			
Course title	Level	Department	ECTS/ credits
Total ECTS/credits			

A motivated study plan is a description of the purpose of the study abroad in relation to your studies at your home university. You must specify the courses you wish to take during your exchange. Based on these courses, you must explain why they are relevant in relation to your study programme as a whole and to your personal academic profile. Furthermore, you can include how your study activities abroad address challenges in relation to metabolism, insulin, haemoglobin or obesity. Write approx. 1 A4 page.

Motivated study plan:
